Performance Acustica Su Misura

SEDOFF Acoustic Systems si avvale della collaborazione tecnica di progettisti acustici che realizzano soluzioni ad hoc in funzione delle esigenze di ogni cliente e delle caratteristiche degli spazi.

SEDOFF Acoustic Systems offre una gamma completa di soluzioni: tende e pannelli di varie forme e dimensioni, una paletta colori completa e la possibilità di personalizzazione del prodotto.

Tailor-Made Acoustic Performance

SEDOFF Acoustic Systems avails itself of the technical collaboration of acoustic designers who create ad hoc solutions according to the needs of each customer and the characteristics of the spaces.

SEDOFF Acoustic Systems offers a complete range of solutions: curtains and panels of various shapes and sizes, a complete colour palette and the possibility of customising the product.

Performance Acoustique Sur Mesure

SEDOFF Acoustic Systems bénéficie de la collaboration technique de designers acoustiques qui créent des solutions ad hoc en fonction des besoins de chaque client et des caractéristiques des espaces.

SEDOFF Acoustic Systems offre une gamme complète de solutions : des rideaux et des panneaux de différentes formes et tailles, une palette complète de couleurs et la possibilité de personnaliser le produit.

AS Basic

I pannelli fonoassorbenti **AS Basic** rispondono al bisogno di comfort con soluzioni economiche e immediate al problema del riverbero acustico. Il tessuto in poliestere Trevira CS accoppiato al pannello acustico disponibile nei colori bianco e nero avvolge ed esalta le forme donando un look creativo e versatile, in stile contemporaneo.

AS Basic sound absorbing panels respond to the need for comfort with economic and immediate solutions to the problem of acoustic reverberation. Trevira CS polyester fabric coupled to the black and white acoustic panel wraps and enhances the shapes giving a creative and versatile look, in a contemporary style.

Les panneaux insonorisants **AS Basic** répondent au besoin de confort par des solutions économiques et immédiates au problème de la réverbération acoustique. Tissu polyester Trevira CS couplé au panneau acoustique noir ou blanc et qui met en valeur les formes en donnant un aspect créatif et polyvalent, dans un style contemporain.

AS Flat

I pannelli fonoassorbenti **AS Flat** sono la nostra soluzione personalizzabile, semplice e veloce per migliorare l'acustica di qualsiasi spazio. I pannelli sono disponibili nel colore bianco e possono essere rivestiti di tessuto su uno dei due lati. All'interno delle misure 1200 x 2000 mm, si possono richiedere tutte le misure e le forme personalizzate possibili.

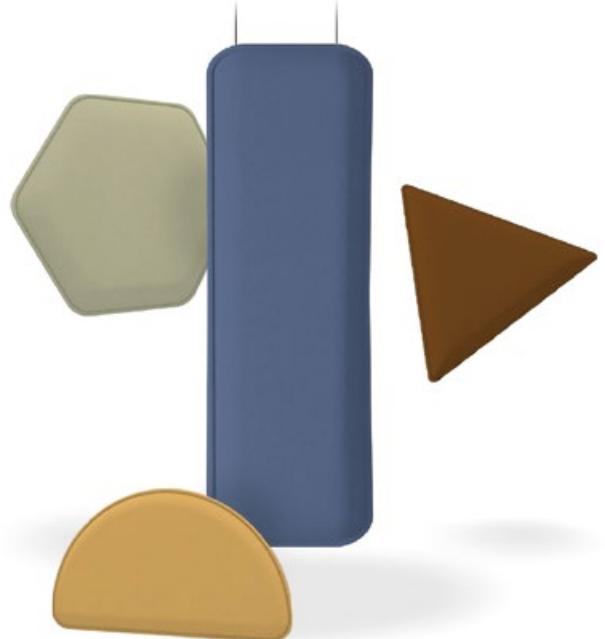

AS Flat sound absorbing panels are our customizable, simple and fast solution to improve the acoustics of any space. The panels are available in white and can be covered with fabric on either side. Within the 1200 x 2000 mm sizes, you can request all possible custom sizes and shapes.

Les panneaux d'insonorisation **AS Flat** sont notre solution personnalisable, simple et rapide pour améliorer l'acoustique de n'importe quel espace. Les panneaux sont disponibles en blanc et peuvent être recouverts de tissu sur l'un des deux côtés. Dans les dimensions 1200 x 2000 mm, vous pouvez demander toutes les dimensions et formes personnalisées possibles.

Acoustic Systems

AS Handcraft

I pannelli fonoassorbenti **AS Handcraft** sintetizzano l'efficace combinazione fra tecnologia ed estetica, in una **soluzione decorativa antiriverbero** che arreda con eleganza e rende piacevole la permanenza negli ambienti indoor. La **cucitura artigianale** sul perimetro del tessuto ne esalta lo stile.

AS Handcraft sound absorbing panels synthesize the effective combination of technology and aesthetics, in a **decorative anti-reverb solution** that furnishes with elegance and makes a pleasant stay indoors. The **handmade stitching** on the perimeter of the fabric enhances the style.

Les panneaux absorbants acoustiques **AS Handcraft** synthétisent la combinaison efficace de la technologie et de l'esthétique, dans une **solution décorative anti-reverb** qui meuble avec élégance et rend un séjour agréable à l'intérieur. Les **coutures faites à la main** sur le périmètre du tissu rehaussent le style.

 **SEDOFF**
Acoustic Systems

AS Movable

I pannelli fonoassorbenti mobili **AS Movable** rendono flessibile e adattabile ad ogni situazione l'eliminazione del riverbero acustico.

Il tessuto in poliestere Trevira CS avvolge ed esalta le forme donando un look creativo e versatile, in stile contemporaneo.

Le versioni su totem mono o bi-facciale possono essere dotate opzionalmente di appoggi porta abiti a scomparsa con fermo magnetico.

AS Movable mobile sound absorbers make the elimination of acoustic reverberation flexible and adaptable to any situation. Trevira CS polyester fabric envelops and enhances the shapes giving a creative and versatile look, in a contemporary style. The versions on single or double-sided totems can be optionally equipped with concealed garment holders with magnetic catch.

Les panneaux insonorisants mobiles **AS Movable** rendent l'élimination de la réverbération acoustique flexible et adaptable à toutes les situations. Le tissu polyester Trevira CS enveloppe et met en valeur les formes en donnant un aspect créatif et polyvalent, dans un style contemporain. Les versions sur totems simple ou double face peuvent être équipées en option de porte-vêtements dissimulés avec fermeture magnétique.
