Le sedute interlocutorie e meeting AVIAMID includono versioni su slitta, quattro gambe e girevoli con o senza braccioli. Il particolare design e la qualità costruttiva della versione a slitta conferisce al prodotto una linea particolarmente raffinata. Le versioni girevoli sono disponibili con ruote autofrenanti o piedini e hanno tutte l'elevazione oleopneumatica a gas per la regolazione in altezza del sedile, opzionalmente possono essere dotate di meccanismo con ritorno automatico della seduta.

The visitor and meeting AVIAMID seatings include sled, four legs and swivel versions with or without arms. The design and the construction quality give to the sled base version a profile particularly refined. The swivel versions are supplied with self-braking castors or feet and all them have the gas lift height seat adjustment mechanism. As options can be also supplied with automatic seat-return system.

Les modèles confidente et réunion AVIAMID incluent des versions avec base traîneau, quatre pieds avec base tournante avec ou sans accoudoirs. Le design spécial et la qualité de fabrication du modèle traîneau lui confèrent une ligne particulièrement épurée. Les versions tournantes sont équipées de roulettes dotées d'un système d'autofreinage ou de patins et d'un réglage de hauteur de siège oléopneumatique à gaz. En option ils peuvent être équipés d'un retour automatique du siège.

Los modelos confidente y reunión AVIAMID, incluyen versiones con base trineo, con cuatro patas con base giratoria, con o sin brazos. El diseño especial y la calidad de fabricación del modelo trineo le confieren una línea particularmente depurada. Las versiones giratorias llevan ruedas autofrenadas o topes y regulación de altura del asiento oleopneumatica de gas. En opción se pueden equipar con retorno automático de asiento.
