Le sedute AVIANET interlocutorie e meeting includono versioni su slitta, a 4 gambe e girevoli con o senza braccioli. Il particolare design e la qualità costruttiva conferiscono al prodotto una linea particolarmente raffinata. Le versioni girevoli sono disponibili con ruote autofrenanti o piedini e hanno tutte l'elevazione oleopneumatica a gas per la regolazione in altezza del sedile, opzionalmente possono essere dotate di meccanismo con ritorno automatico della seduta.

The AVIANET visitor and meeting chairs include sled, with 4 legs and swivel versions with or without arms. The design and the construction quality give to the products a profile particularly refined. The swivel versions are supplied with self-braking castors or feet and all them have the gas lift height seat adjustment mechanism. As options can be supplied with automatic seat-return system.

Les chaises AVIANET de "confident et reunion" incluent des versions avec base traineau, quatre pieds et tournante, avec ou sans accoudoirs. Le design spécial et la qualité de fabrication confèrent à ce modèle une ligne particulièrement raffinée. La version tournante est disponible avec des roulettes dotées d'un système d'autofreinage ou du patins et sont toujours équipés d'un système de réglage de hauteur de dossier oléopneumatique à gaz. En option, elles peuvent être équipées d'un système de retour automatique du siège.

Las sillas AVIANET de confidente y reunion AVIANET incluyen versiones con base trineo, de cuatro patas, y giratorias, con o sin brazos. El diseño especial y la calidad de fabricación confieren a este producción una línea especialmente refinada. La versión giratoria esta disponible con ruedas autofrenadas o topes y llevan siempre una regulación de altura del asiento oleopneumática de gas. En opción, se puede instalar un mecanismo de retorno automatico del asiento.
